The Tropical Agriculturist:

The Agricultural Journal of Ceylon

Founded 1881.

Published by

The Department of Agriculture, Peradeniya.

Vol. LXX.

.....

Containing Numbers I. to VI.
January to June, 1928.

Printers:—Cave, Colombo.

Volume LXX. January—June, 1928.

Number	Month	Pages.
1	January	1-64
2	February	65-128
3	March	129-192
4	April	193-256
5	May	257-361
6	June	362-450

INDEX.

Page.

A.

Address by His Excellency the Governor, Opening (Conference) - 261
Address, Governor's - 396
Adco - 126
Agriculture and Agronomy in the Tropics, Co-ordination of General 162
Agriculture, Birds in Relation to - 240
Agriculture, Economic Aspects Regarding the Place of Live-Stock in Tropical - 168
Agricultural Chemist, Rice Outturns of Paddies Husked for the - 207
Agricultural Chemistry, Establishment of a Bureau of Soil and - 161
Agricultural Committee, Kegalle, Minutes of the Meeting of the District - 189
Agricultural Conference - 257
Agricultural Conference at Peradeniya 260, 362
Agricultural Organization and Its Work in Ceylon, Memorandum on 143
Agricultural Research in 1926 - 127
Agricultural Research Conference, Imperial - 129
Agricultural Research, Empire Co-operation in - 131
Agricultural Research Work in Hand at Present in Ceylon, Memorandum on - 149
Agricultural Shows and Competitions 190
Agronomy in the Tropics, Co-ordination of General Agriculture and - 162
Alcohol from Grasses, Straws and Waste Vegetable Materials, Power 252
Alcohol from Cellulose, Sugar and - 120
Animal Disease Return 64, 128, 192, 256
Applying Fertilizers, Art of - 50
Art of Applying Fertilizers - 50
Artificial Colouring of Citrus Fruits - 48
Avocado—A Valuable Fruit - 94

Page.

B.

Bacteria in Relation to Cultivation and Manuring, Soil - 18
Be Prepared for the Spotted Locust - 121
Bee Culture - 419
Birds in Relation to Agriculture - 240
Board of Agriculture, Minutes of the Meeting of the Estates Products Committee of the 123, 250
Boga medeloa and prevalence of Shot-Hole Borer, Relationship, if any, between - 284
Branch Canker - 282
Branch Canker (Wood Rot) and its connection with Season of Pruning, Style of Pruning, and Shot-hole Borer Infection - 281
Breeding of Stock in the Kurunegala District, Dairy Farming and - 363
Brinjal Leaf-Webber.—*Psara Pachyzoncla bipunctalis* Fb. - 87
Brown Bast and its Treatment, Notes on - 3
Bud-wood, Some Notes on the Budding of Rubber and the Transport of - 335
Budding of Rubber and the Transport of Bud-wood, Some Notes on the - 335
Bureau of Soil and Agricultural Chemistry, Establishment of a - 161

C.

Calf Rearing on Modern Lines - 181
Callus Formation in Tea, Relationship between Manuring and - 288
Canadian Wheat Growing, What the Plant Breeder has done for - 253
Canker (Wood Rot) and its connection with Season of Pruning, Style of Pruning, and Shot-hole Borer Infection, Branch - 281

Page.

C.—*Contd.*

Cattle in India, Cross-Breeding and Grading of - 38
Cellulose, Sugar and Alcohol from - 120
Ceylon, Germination of Rice Seeds in 211
Ceylon, Memorandum on Agricultural Organization and its Work in 143
Ceylon, Memorandum on Agricultural Research Work in Hand at present in - 149
Ceylon, Memorandum on Work of the Veterinary Department, - 160
Ceylon Paddies, Rices and Milling Products, Chemical Composition of Some - 195
Ceylon, Report on Kapok from - 254
Ceylon, Some of the Limiting Factors in the Improvement of Paddy Cultivation in - 374
Chemical Composition of Some Ceylon Paddies, Rices and Milling Products - 195
Chemist, Rice Outturns of Paddies Husked for the Agricultural - 207
Chemistry Establishment of a Bureau of Soil and Agricultural - 161
Chickens, Rearing of - 52
Chinese Market Gardening System, A Report on the - 117
Citrus Fruits, Artificial Colouring of 48
Close of Conference - 448
Coconut Pests, Notes on - 85
Coconuts, Investigation of Root Diseases of - 402
Colonies and Protectorates, Provision for Specialists to visit Other - 163
Colouring of Citrus Fruits, Artificial - 48
Competitions, Agricultural Shows and 190
Competition in Kalutara District, School Garden - 255
Competition in Pasdun Korale West, Home Garden - 255
Conference, Imperial Agricultural Research - 129
Conference, Agricultural - 257
Conference at Peradeniya, Agricultural 260, 362
Conference, Close of - 448
Conservation of Humus in Indian Soils - 28
Co-operation in Agricultural Research, Empire - 28
Co-ordination of General Agriculture and Agronomy in the Tropics - 162
Corn Ear Worm on Tomatos - 112
Cosmopolites sordidus Germ. and *Odoiporus longicollis* Oliv. - 216
Cover Crops in Tea, Use of - 65
Cover Crops and Green Manuring in Rubber Cultivation - 325
Creeping Crops in Tea Cultivation, with Special Reference to *Indigofera Endecaphylla*, Experience in the use of - 312

Page.

C.—*Contd.*

Crepe Manufacture, Some Notes on Factory Procedure and Efficiency, Especially in Reference to - 351
Crops and Green Manuring in Rubber Cultivation, Cover - 325
Crops in Tea Cultivation, with Special Reference to *Indigofera Endecaphylla*, Experience in the Use of Creeping - 312
Crops, Effects of Grasses and Other Plants on Permanent Tropical - 164
Cross-Breeding and Grading of Cattle in India - 38
Cultivation and Manuring, Soil Bacteria in Relation to - 18
Cultivation, Notes on Pineapple - 34
Cultivation, Tomato - 102
Cultivation, "Shifting" - 167
Cultivation, with Special Reference to *Indigofera Endecaphylla*, Experience in the Use of Creeping Crops in Tea 312
Cultivation, Cover Crops and Green Manuring in Rubber - 325
Cultivation in Ceylon, Some of the Limiting Factors in the Improvement of Paddy - 374
Culture, Bee - 419
Cutworms, Sodium Fluoride and - 115

D.

Dairy Factory System in India, Need for a Village - 185
Dairy Farming and Breeding of Stock in the Kurunegala District - 363
Deterioration of Soils - 175
Development of the Wanni from the Point of View of the People of Jaffna - 426
Development of the Dry Zone of the Island, Economic - 439
Dieback of Tea Seedlings—Mycological Notes (10) - 80
Disease caused by *Fomes lamaoensis*, Hevea Stem - 225
Disease Return, Animal 64, 128, 192, 256
Diseases of Coconuts, Investigation of Root - 402
District Agricultural Committee, Kegalle, Minutes of the Meeting of the - 189
Drainage and Leaching Trials at Peradeniya during 1927, Result of 302
Dry Zone of the Island, Economic Development of the - 439

E.

Economic Aspects Regarding the Place of Live-Stock in Tropical Agriculture - 168
Economic Development of the Dry Zone of the Island - 439
Effect of Grasses and other Plants on Permanent Tropical Crops - 164
Elevations of 1,500—3,000 ft., Shade Trees Suitable for - 284

INDEX.—*Contd.*

Page.

E.—*Contd.*

Elevations of 1,500 ft., Fuel Trees in 284
Empire Co-operation in Agricultural Research - 131
Erosion, Soil—with Special Reference to Rubber— - 319
Errors in Feeding Live-Stock - 42
Establishment of a Bureau of Soil and Agricultural Chemistry - 161
Estates Products Committee of the Board of Agriculture, Minutes of the Meeting of the 123,350
Experience in the Use of Creeping Crops in Tea Cultivation, with Special Reference to *Indigofera Endecaphylla* - 312
Experiment Station, Peradeniya, Progress Report of the 62, 248

F.

Factory Procedure and Efficiency, Especially in Reference to Crepe Manufacture, Some Notes on - 351
Farm School, Peradeniya, Prize-giving at the - 392
Farming and Breeding of Stock in the Kurunegala District, Dairy - 363
Feeding Live-Stock, Errors in - 42
Fertilizers, Art of Applying - 50
Fomes lamaoensis, Hevea Stem Disease caused by - 225
Food Production, Some Aspects of - 383
Fruit, Avacado—a Valuable - 94
Fruits, Artificial Colouring of Citrus 48
Fruit with Sulphur Dioxide, Preservation of Whole - 45
Fuel Trees for Elevations of 1500 ft. 284
Fungus of Tea Roots, Preliminary Note on a Mycorrhizal—Mycological Notes (11)— - 171

G.

Garden Competition in Kalutara District, School - 255
Garden Competition in Pasdun Korale West, Home - 255
Gardening System, A Report on the Chinese Market - 117
Germination of Rice Seeds in Ceylon 211
Governor's Address (at Agricultural Conference) - 396
Grading of Cattle in India, Cross-Breeding and - 38
Grasses and Other Plants on Permanent Tropical Crops, Effect of 164
Grasses, Straws and Waste Vegetable Materials, Power Alcohol from - 252
Green Manure - 12
Green Manuring in Rubber Cultivation, Cover Crops and - 325

Page.

H.

Hay and Pasture, Manuring of - 177
Hevea Stem Disease caused by *Fomes lamaoensis* - 225
H Garden Competition in Pasdun Korale West - 255
Humus in Indian Soils, Conservation of - 28
Humus in Tropical Agriculture - 1

I.

Imperial Agricultural Research Conference - 129
Improvement of Paddy Cultivation in Ceylon, Some of the Limiting Factors in the - 374
India, Cross-Breeding and Grading of Cattle in - 38
India, Need for a Village Dairy Factory System in - 185
Indian Soils, Conservation of Humus in - 28
Indigofera Endecaphylla, Tea and - 67
Indigofera Endecaphylla, Experience in the Use of Creeping Crops in Tea Cultivation, with Special Reference to - 312
Infection, Branch Canker (Wood Rot) and Its Connection with Season of Pruning, Style of Pruning, and Shot-hole Borer - 281
Investigation of Root Diseases of Coconuts - 402
Investigations, Paddy - 193
